### Wifely Co-operation.

A man seldom prospers in the world without the co-operation of his wife. If she enters in mutual endeavor or towards his labors with an endearing smile, with what confidence will he resort to his merchandise or his farm, fly over the land, sail upon seas, meet difficulties and encounter danger, if he knows that he is not spending his strength in vain, but that his labor will be rewarded by the sweets of home solitude and disappointment enter the history of every man's life, and he is but half provided for his voyage who finds but an associate for happy hours, while for his days of darkness and distress no sympathizing partner is prepared. —Republ.

Prof. Holden of Iowa is teaching the farmers of that state that according to the selection of seed there may be made an increase of 80 bushels of corn to the acre, that best results come from home grown seed, that the seed ears should be well shaped and uniform in size, that it is of the utmost importance to test for vitality before planting in the field and rejecting such as show weakness. Iowa is waking up to wonderful effort under the preaching of the corn gospel and expects to increase her corn crop by many millions of bushels.

The Springfield Leader-Democrat is afraid that Mr. Roosevelt is trying to do too much for his salary. "No doubt," sarcastically observes the Leader-Democrat, "he knows better what the country should have than the framers of the constitution and the present senate, but to turn the whole government over to him might break down his health and leave the country to drift into anarchy and despair."

Oak Grove Banner: This section of the country is likely to be overrun with grey wolves if steps are not taken soon to exterminate the pests. There is a den of wolves somewhere on the Yonrie point between Oak Grove and Grain Valley. They venture up so near the limits of this town every night that their yelps can plainly be heard by persons in the town.

Miss Muriel Armitage, 36 Greenwood Ave., Detroit, Mich., District Organizer of the Royal Templars of Temperance, writes as follows:

"I suffered for five years with

irregularities, which brought on hysteria and made me a physical wreck. I tried doctors from the different schools of medicine, but without any perceptible change in my condition. In my despair I called on an old nurse, who advised me to try Pe-ru-na, and promised good results if I would persist and take it regularly. I kept this up for six months, and steadily gained strength and health, and when I had used fifteen bottles I considered myself entirely cured. I am a grateful, happy woman to-day."—Miss Muriel Armitage.

Miss Lucy M. Riley, 33 Davenport St., Cleveland, Ohio, writes:

"I wish to add my endorsement to thousands of other women who have been cured through the use of Pe-ru-na. I am now in perfect health, enjoy life and have neither an ache or pain, thanks to Pe-ru-na."—Lucy M. Riley.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
